

Photos from the Congo, Easter 2023

Kinshasa

Francois brings food supplies such as oil, rice etc. to the COLK orphanage which we support from time to time.

Mabala School

Acacia seedlings in front of our four new classrooms

Students learn how to measure a tree-line for the acacia trees on our field

Plateau de Bateke

Jean's Micro Finance Project

Harvest of sweet potatoes

Jean with sweet potatoes

His manioc field

First steps of Jean's Vocational Training Center

Building materials for the construction of a CHICKEN COOP. Making bricks and ...

... shopping wood and metal sheets for the roof. Two instructors (right) follow the progress of the work - the woman is responsible for raising laying hens and the man will teach and oversee the farming.

Nsioni - Congo centrale

Joseph's Micro Finance Project

Joseph's fishponds and rice fields

Fresh fish ...

... and drying fish from his ponds

Joseph's "repair-shop"

*Mother and baby pigs (l)
Building a pigpen (top)*

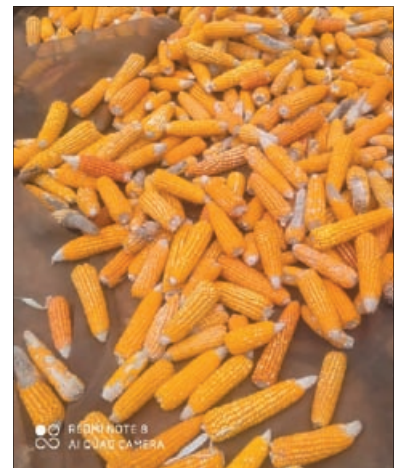

First steps of Joseph's Vocational Training Center

Iron bars for workshop

Construction of workshop

Selected corn for seeds

Article about Joseph and his bread-baking oven

*A big THANK YOU for all your support which makes these projects possible.
Let us continue to Change the World with Love,*

Wolfgang, Lenka and team
